

Dear YES Families,

Welcome to the 2016-2017 school year! I am honored to serve as the principal at Youth Elementary School and am extremely proud of our talented staff, tremendous students and supportive parents. I am thankful we have the opportunity to work together to make a difference for the children in our community.

My professional background includes experience as a classroom teacher, instructional coach, assistant principal and curriculum coordinator. My husband and I live in Walton County and enjoy spending time with our two sons, Chase and Austin.

My vision for Youth is to continue our tradition of excellence by providing students a safe, supportive and rigorous learning environment. I also believe that elementary school should be a time for students to develop as young learners and have fun. One of my favorite things about Youth is the joy I see in the students. We are going to have an awesome year, and I look forward to working collaboratively with the Youth community to learn and excel.

Youth is truly a collaborative community focused on excellence. We are going to have a great year together!

Susan Enfinger,

Principal Youth Elementary School
